---	--	--

Mental Health in Civil Society

Kaliningrad May 31st – June 3rd 2006

The aim of the Conference is to initiate a discussion regarding the conditions, history and future for psychiatry in different countries. One important item to work around is the document and the “action plan” approved at the WHO Ministerial conference in Helsinki January 2005 (see <http://www.who.dk>). We also want to connect to the Immanuel Kant tradition of the city.

The Conference should be of interest to psychiatrists, other professionals and also to health care decision makers and journalists, especially in countries that presently undergo transition.

Plenary lectures will be translated into English and Russian. Group discussions will be simultaneously translated consecutively. Documentation shall also be available on the web. Posters can be presented.

The conference fee is 300 Roubles.

Venue

Museum of the World Ocean, Kaliningrad
<http://www.vitiaz.ru/congress/index.html>

Tentative Program

Wednesday May 31st:

During the day: Registration (Hotel «Kaliningrad»)

Evening, from 19.00: Get together party (The Concert Hall)

Thursday June 1st:

8.30-9.00 Registration

9.00-9.30 Opening ceremony: Mrs Elena Klyikova, a representative from Consulate General of Sweden (5 minutes each). Chair dr. Vladimir Pereima

9.30-11.40 Plenary lectures: (lectures 15-20 min. each, break 10 min.)

Sergey Kornilov: “Theoretical base for choice of reality. Kant’s ideas”

Lars Jacobsson: “The right to be crazy”

Valery Krasnov: “WHO Ministerial Declaration on Mental Health 2005. Tendencies of the development of psychiatry in Russia”

Wolfgang Rutz: “WHO Ministerial Declaration on Mental Health 2005: Implications on ethics and human rights”

Viktor Wied: “The quality of life of mental patients: From theory to practice”

11.40-12.30 Coffee and sandwich

12.30-14.30 Group works (prel. 4 groups, depending on number of delegates)

Chair persons give an introduction on the topics to discuss, max 5 min.

Tentative topics:

- Choice of reality – who decides? Reasons for different points of view?
- Values in the WHO document – relation to common set of values, to praxis in care and welfare and to political priorities?

14.30-15.00 Coffee and sandwich

15.00-16.30 Plenary reports from group work by secretaries. Comments from lecturers.

Evening: Social event

Friday June 2nd:

9.00-11.40 Plenary lectures: (lectures 15 min. each, break 10 min.)

Michael von Cranach: “Experiences from the Nazi years – what did we learn from the discussion afterwards?”

Andres Lehtmets: “Rights of persons with mental illness in Europe”

Dainius Puras: “Experiences from implementing changes in mental health scene in Lithuania”

Elmars Rancans: “Mental health challenges and opportunities in Latvia”

Natalya Petrova: “Evolution of psychiatric care in the medical system”

Yuri Savenko: “Tendencies of development of psychiatry in modern Russia”

Julia Argunova: “Legal aspects of psychiatry in Russia”

Magomedsalom Kurbanov: “Right to mental health – natural right of people”

Lubov Vinogradova: “Part of non-governmental organization in maintenance of a “maximum” level of mental health of people”

11.50-12.30 Coffee and sandwich

12.30-14.30 Group work (prel. 4 groups, depending on number of delegates)

Chair persons give an introduction on the topics to discuss, max 5 min.

Tentative topics:

- Value based or evidence based psychiatry? Doctors’ preferences versus patients’ choices? Rationales?
- Set of values in our communities – what can we learn from history? How influence? Do we have a right and/or an obligation to influence?
- Praxis in health care and social welfare – what can we learn from history? What sort of information/education is needed for professionals and decision makers?
- WHO documents – how implement? Need of local action plans and task forces?

14.30-15.00 Coffee and sandwich

15.00-16.30 Plenary reports from group work by secretaries. Comments from lecturers. Summing up. How do we go further? “Action plan?”
